## ABOUT US

**Love Literacy is an intervention service providing additional support to students across the UK. Love Literacy is run by two qualified teachers, Zara Muirhead and Cal-I Muirhead who have practised for over 30+ years, combined, with a Master's degree, literacy specialism and middle leadership experience between them.**

Together with a team of experienced and trained staff, Love Literacy has become a highly-recommended education provision, due to its personalised teaching and learning. Here at Love Literacy, the learners' needs are at its core. Love Literacy has worked with Aspire AP School, Mayfield School, Thomas Knyvett College and Box Up Crime to support students.

HRH Queen Elizabeth presented a special poem by Love Literacy staff and students, 2015.

## LOVE LITERACY ONLINE

Love Literacy's KS1-5 online provision supports students from anywhere. Learners actively participate in live virtual English, Maths, Science, History and Literature classes, with access to their own online learning platform for homework, teacher feedback and revision. We understand that some students require a tailored approach to thrive so we offer one-on-one classes for those who need extra support. In these individualised sessions, our dedicated educators work closely with the student to address their specific needs and challenges.

## LOVE LITERACY CLASSROOM

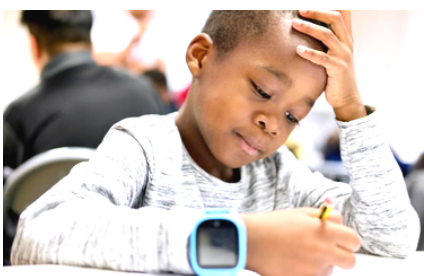

For the past 11 years Love Literacy has provided tuition, consultancy, training, and mentorship to hundreds of students and educators. We pride ourselves on our small class sizes and the effective utilisation of Assistants to expedite progress.

## TESTIMONIALS

We owe a debt of gratitude to Mrs Zara Muirhead founder of Love Literacy whose dedication, gentleness, and kind but tenacious approach to teaching has helped guide and nurture our Daughter and Son through their study of English from age 11 and 8 respectively. **Our daughter achieved A Grades in both English and English Literature whilst our son has achieved a Grade 8 in his early sitting of IGCSE (January 2020).** Even after we moved from the neighbourhood, we still sought help from Zara virtually and remotely to help prepare and guide Esther and Dan towards success in their English and Literature. Thank you again for all you've done and are doing to help build the next generation in this important area of life and study.

Love Literacy was instrumental in the success of one of our students who arrived to the UK as an unaccompanied 15 year-old; he had never been to school and couldn't hold a pen. [...] With her enthusiasm, expert knowledge of literacy and warm nature, **Zara was successful in building on the foundations that had been laid. She provided one to one lessons, accommodating the pupil's every need- not just academically but emotionally and socially.** [...] He left us confident enough to hold a basic conversation and with enough literacy to secure a part-time job after leaving school.

**Mrs Harris, SENCO and Inclusion Manager- Mayfield School**

I cannot thank you enough for how you've helped Iman. In spite of Iman being capable she was never able to achieve these results - your guidance has been amazing. It wasn't easy and she did not have great confidence in her abilities but she worked hard. Zara, you are an epitome of a great teacher. Any child who has you as their teacher is truly blessed. **You did not just tutor Iman, but you taught her the value of hard work, you showed her she can achieve, you taught her to believe in herself - very important life lessons.** I cannot thank you enough, I never can.

**Mrs Ahamed- parent (child aged 15)**

'When I first came, I thought I wasn't good in Maths but now Love Literacy has **boosted my confidence** up and I'm one of the most **exceeding** Mathematicians at school.'

**Elijah- student (child aged 10)**
